

## BBQ EDAMAME

1 10oz package frozen edamame  
1 tbsp olive oil  
Salt and pepper to season  
Juice of 1 lime

Heat grill to medium heat. Per package directions, steam edamame in microwave or stove top. Once cool, toss in a bowl with 1 tbsp olive, and season with salt and pepper. Now time for grilling! Using a grill grate so that edamame does not fall through, place edamame on grill until marks appear on both sides (about 5 minutes). Remove from grill. Squeeze fresh lime juice over edamame before serving.
