

PEACH CAPRESE SALAD

I'm obsessed with this recipe. Not only cause it's really good, but beautiful when put together. Take advantage of your seasonal produce likes these juicy Texas peaches.

RECIPE

2 texas peaches, sliced thinly
1 large ball mozzarella, sliced thinly
1 bunch of fresh basil
1/4 cup balsamic vinegar
Cracked pepper

In a small saucepan, place balsamic vinegar and heat until simmer. Turn heat down and cook gently until syrup forms (about 5-6 minutes). While this is happening, arrange peaches, mozzarella cheese, and basil leaves on a plate. Drizzle with balsamic reduction and season with cracked pepper if you like. Makes 3-4 servings.

Tip: Have some whole grain bread around? Make this combo into a panini!
